

The "Napoleon Memorial" Sale

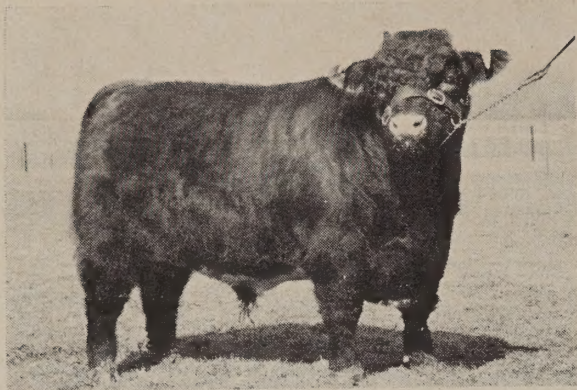

SATURDAY, JUNE 1, 1963

at Acadia Farms, Northfield, Ohio

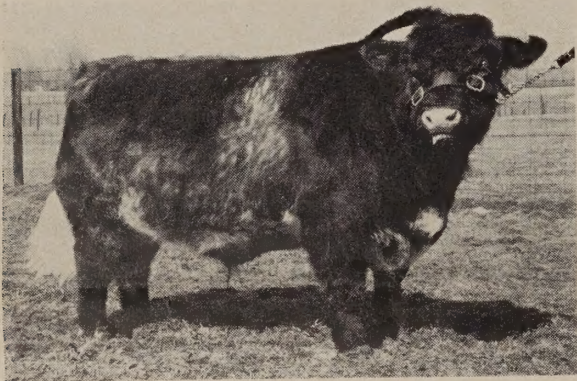

SHORTHORNS and POLLED SHORTHORNS

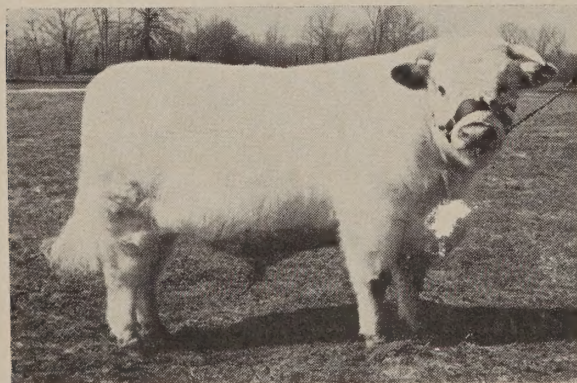

\$1,700 *Calif. Shorthorn Ranch, Medina, Calif.*

DEEP COVE NAPOLEON 16th — This handsome two-year-old is not only ready for heavy service, but could also make a strong showing at the 1963 fairs. His pedigree is full of champions. Acadia Napoleon 15th was Reserve Grand Champion at the 1959 American Royal as a senior calf. Hayard Monarch, sire of champions at Deep Cove, was Reserve Grand Champion at the Canadian Royal in 1948. Kinellar Lavender D, from the famous imported family that has produced three International Reserve Grand Champions for Acadia in the last four years, won many championships in Eastern Canada and the United States in 1954 and 1955.

DEEP COVE NAPOLEON 21st — This will be the senior yearling in Acadia's 163 show herd if the buyer is willing, and all of the good things about him from head to tail will make him a real threat. He bears a strong likeness to his sire, Deep Cove Napoleon 3rd, Junior Champion of the 1959 Canadian Royal Winter Fair, and he is out of the same imported dam as Canard Madge 2nd, the heifer that was Grand Champion for Deep Cove at the 1957 Canadian Royal.

ACADIA NAPOLEON 69th — Acadia's white bulls have been making both Shorthorn and Polled Shorthorn history, and here's one of the good ones by Acadia Napoleon 20th, sire of Acadia Napoleon 65th x, 1962 International Reserve Junior Champion. As the senior bull calf in Acadia's 1962 show string, the 69th was first at the Ohio State Fair and the Ohio Futurity and fourth in a tough class at the International. His dam is one of those increasingly hard-to-come-by daughters of Calrossie Good News.

This is your catalog of the Acadia-Deep Cove Sale printed in full in the breed magazine so everyone interested in Shorthorns can study the pedigrees and gain a better understanding of the sound breeding program that has been followed down the years. It is to be regretted that space limitations do not permit picturing the many champions of the past and the many other animals from the two farms now performing so successfully in herds across North America.

ACADIA NAPOLEON 73rd — This big rugged son of Napoleon is the popular junior calf from the 1962 Acadia show herd. He made a lot of friends at the International, where he stood second in class and was a member of the first prize junior get. His imported dam is the foundation cow of the Butterfly family that has produced countless winners, including Acadia Napoleon 51st, 1961 American Royal Reserve Grand Champion bull. With the buyer's permission, Acadia would like to show him again this year.

Acadia Lavender 12th (selling) and Acadia Estelle 6th, both by Kinellar Napoleon, placed one, two in senior heifer calf class, followed by another Napoleon (not pictured) in third place, 1962 International.

HOW OFTEN HAS THIS INTERNATIONAL RECORD BEEN MATCHED?

"Acadia and Kinellar Napoleon breeding blanketed the largest and very strong senior heifer calf class. The first-place winner was the reserve grand champion, Acadia Lavender 12th, followed closely by her half sister and stallmate, Acadia Estelle 6th. Standing third was Kickapoo Farms on Kickapoo Princess Kay, a deep-bodied daughter of Acadia Napoleon 44th that had been purchased in dam at the Acadia sale. She was out of the \$2,000 Acadia Princess Kay and is a double-bred granddaughter of Kinellar Napoleon." — from *The Shorthorn World* report of 1962 International.

ACADIA NAPOLEON 76th — You've all been asking for another truly great white Napoleon bull, and here he is, in the best tradition of the 5th, the 44th, the 65th x and the 66th, champions all. His power-packed Gallant Marshal pedigree guarantees prepotency. His dam is a typical representative of the great imported Corrimony Butterfly family that has produced countless champions for Acadia and Deep Cove, among them Acadia Napoleon 51st, the 1961 American Royal Reserve Grand Champion after he sold in the 1961 Acadia Sale.

ACADIA NAPOLEON 78th — A worthy full brother to Acadia Napoleon 66th, star of the 1962 show circuit, and Acadia Napoleon 12th, one of the tops of the 1961 Acadia Sale. Note that the three principal sires in this pedigree, Kinellar Napoleon, Calrossie Troubadour and Calrossie Sportsman, represent the quintessence of Acadia's careful long term breeding program. The 78th's dam was Reserve Junior Champion at the 1957 Canadian Royal Winter Fair, while her dam was a 1955 prize-winner. This imported Butterfly Charm family is one of Acadia's most illustrious.

ACADIA NAPOLEON 77th — A frequent question asked is which of this year's Napoleons most closely resembles the 66th, the great white calf that John Shuman bought in the 1962 Inter'l Sale which he says is the greatest individual bull he ever bought. Except for color, this great-headed, thick, sound-legged, dark red youngster is the nominee of many experts. His dam is one of Calrossie Troubadour's best daughters that was Reserve Grand Champion, 1959 Ohio State Show. Buyer willing, Acadia would like to show the 77th in 1963.

ACADIA NAPOLEON 57th x — A real stock bull for a polled herd, with scale and substance and grand fleshing quality. Shown three times in 1961, he stood second in class in mixed competition at Harrisburg and the Eastern National, also second in class to the Inter'l Grand Champion. Out twice in 1962, he was again second in class to the Grand Champion at Ohio, third in class to the Inter'l Junior Champion. His sire and dam deserve special niches in the Polled Hall of Fame: Acadia Napoleon 20th also sired Acadia Napoleon 65th x, 1962 Inter'l Res. Junior Champion while Brookdale Charity's calves include Acadia Charity Chief, Grand Champion 1956 New York and Kentucky; Acadia Napoleon 4th x, first junior calf 1958 Inter'l; Acadia Napoleon 25th x, 1960 Polled Congress Reserve Champion; and Acadia Highland Rob x, Senior Champion, Ohio 1962 and 1962 All-American two-year-old nominee.

ACADIA'S POLLED SHORTHORNS

How often have you heard it said, "You don't need many if you have the right kind." There are 12 Polled Shorthorn females in the Acadia herd. With these mated to the great Acadia herd sires Acadia has bred National Polled Congress grand champions, International champions, and even the first prize Three-Bull Group at the 1962 International.

Six outstanding Polled Shorthorn bulls sell . . . lots 10, 11, 12, 13, 14 and 15. Sorry, no Acadia Polled Shorthorn females for sale.

First prize group of three bulls, 1962 International Polled Shorthorn Show. L to R: Northwoods Promise x, Polled grandson of Calrossie Troubadour; Acadia Napoleon 65th x, reserve junior champion by Acadia Napoleon 20th and now owned by Harry Peters, Orange, Va.; and Acadia Highland Rob x, polled grandson of Calrossie Troubadour.

KINELLAR NAPOLEON

OTHER HERD BULLS:

Acadia Napoleon 20th, member of the winning 1959 Three Bull Group by Kinellar Napoleon.

Boll Weevil Masterful combines the "Welcome" breeding of his famous grandsire, Calrossie Ocean Wave, with the Calrossie Good News strain, from his dam from the same Hillcroft Miss Ramsden family as the 1955 International grand champion. (see page 12)

Acadia Napoleon 66th, owned in partnership with John Shuman, Deertrail, Colo. Two-thirds interest tied for top price in the 1962 Inter'l Sale. See another picture above Lot 6.

Bapton Craftsman, owned in partnership with Boll Weevil Plantation, Waynesboro, Ga.

Deep Cove Napoleon 3rd, Royal Winter Fair Junior Champion, and

Acadia Napoleon 15th, American Royal Reserve Grand Champion, are sons of Kinellar Napoleon in service at Deep Cove Farms, Upper Blandford, Nova Scotia.

Acadia Vice President Betty Royon with ACADIA NAPOLEON 65th x. International reserve junior champion, (now owned by Harry Peters, Orange, Va.) by Acadia Napoleon 20th, and ACADIA NAPOLEON 66th (now owned in partnership with John Shuman, Deertrail, Colo.). These bulls were reserve champions of their respective divisions at the Ohio State Fair.

ACADIA QUEEN OF BEAUTY 8th — The much admired summer yearling from the 1962 Acadia show herd. Offered for sale only to make the occasion a truly fitting memorial to Kinellar Napoleon. Closely related to PS Troubadour. (See footnote for Lot 41). This heifer stood near the top of one of the toughest classes at the strongest 1962 shows, and was a member of the winning get of sire at the International. Bred to Boll Weevil Masterful. Acadia would like show rights on her calf if buyer has no show plans of his own.

These Acadia "cover girls" were pictured on the cover of the April 15, 1962 issue of The Shorthorn World. They are "Napoleons and Troubadours." Note the natural depth, thickness, and wide loins. These are the very characteristics many herds need to put back into their cattle.

ACADIA PRIMULA 12th — The same stellar breeding responsible for Acadia Napoleon 65th x, 1962 Inter'l Reserve Junior Champion and All-American nominee. The seldom offered Acadia Primulas, descendants of the great old McWilliam cow imported by Acadia in 1949, have made modern Shorthorn history. Among the long list of show winners are Kildun Primula 2nd, Res. Grand Champion female, 1951 Ohio; Acadia Primula, Grand Champion, 1953 Ohio State Show, Junior Champion, 1953 Kentucky; Acadia Primula 3rd, Grand Champion, 1954 National Shorthorn Show and other major fairs; Acadia Sportsman 60th, Grand Champion, 1955 Ohio State Show, 1957 Maritime Winter Fair. The 60th produced Canadian Royal Winter Fair first prize winners. Bred to Boll Weevil Masterful.

DEEP COVE ROTHES QUEEN 8th — A daughter of Acadia Napoleon 15th, 1959 American Royal Reserve Grand Champion bull. This Rothes Queen family is described in the footnote for Lot 36. Bred to Boll Weevil Masterful.

BOLL WEEVIL MASTERFUL

Boll Weevil Masterful is a grandson of Calrossie Ocean Wave and has the Calrossie Good News strain from his dam, she from the same Hillcroft Miss Ramsden family as the 1955 Inter'l Grand Champion female. Ohio State University is also using him.

These are the first three calves by Boll Weevil Masterful. Note the deep, thick quarters . . . "locked-in" inheritance . . . not only from their sire, but also from their **Acadia**-bred dams and granddams.

Acadia will show a junior get by Boll Weevil Masterful this year. With so many good heifers in this sale . . . and looking ahead to wider representation of the Masterfuls in the following year . . . Acadia believes there are outstanding show prospects in dam and would like a chance to show some of them. Thus permission is requested — at the buyer's option — for show rights on the calves of a number of the heifers that are selling bred to Masterful.

YOU CAN'T AFFORD TO MISS THE "NAPOLEON MEMORIAL" SALE.

PREPOTENCY is the most dominant factor in the selection of a herd bull or of the kind of females capable of raising great bulls. Prepotency determines not only the uniformity of your future calf crops, but also the lasting benefit one can expect as this blood passes on into succeeding generations.

Kinellar Napoleon, imported at the \$25,500 top price of the 1960 Perth sale, has demonstrated that he is one of the most prepotent Shorthorn bulls of all time. For four successive years his get-of-sire placed either first or second at the International . . . a record not equaled in modern times.

Kinellar Napoleon is dead. However, it is not too late for progressive breeders to improve their herds with the top selections of this bloodline. Never before, nor ever again will any sale offering contain such a strong selection of this prepotent blood.

There are 44 Napoleons in this sale . . . and they are truly a testimonial to this great sire. There are 24 sons and daughters of Kinellar Napoleon, 18 sired by five different sons, two more out of Kinellar Napoleon dams. Study the ones by the old bull . . . then look at those sired by his sons. You can't tell them apart . . . the true test of a prepotent bloodline.

Of greater importance is the fact that cattlemen everywhere are in general agreement that these are good basically sound cattle. Kinellar Napoleon sons head some of the strongest herds in the breed today. These are not cattle that arrive just for a day, but they stand the test of time. The Napoleons are sound in their structure, have great breed character, the size and gain-ability demanded, yet still possess the thickness, loins, quarters and smoothness so necessary for top quality.

Acadia wants a good sale. They know the way to have one is to sell the kind most herds would normally not even consider offering. The bulls should head the strongest herds. There are females in this sale that should never leave Acadia . . . not just two or three . . . but at least a score of them. **Any breeder who seriously wants to build on a foundation of great females, uniformly bred, should seize this rare opportunity.**

Every animal, but one, in this sale was bred by Cyrus Eaton . . . and so were 31 of the 52 dams. A great breeding program has been in progress at Acadia and Deep Cove these many years, plus the tremendous personal effort and devotion to the Shorthorn cause by everyone connected with these farms. I hope you will help make this a great Shorthorn gathering on June 1. Given this, the cattle will take care of themselves. — DON LONGLEY, The Shorthorn World.

Acadia is a charter participant in the Ohio State Beef Cattle Production Testing Program. Detailed data on the bulls selling will be available at the sale.

EVERYONE AT ACADIA looks forward to sale time because it gives us a chance to roll out the welcome mat for all friends, old and new, who share our love for good Shorthorns.

Particularly are we proud of the 1963 offering. Every calf in the sale, but one, was bred at Acadia or Deep Cove. In many instances, dams and granddams were also bred at Acadia. Thus, the cattle to be sold are the result of a carefully planned, long-term breeding program.

This sale is a memorial to Kinellar Napoleon, and features his sons, grandsons, daughters and granddaughters. There is no guesswork about this bloodline. At the past four International Livestock Expositions the get of Kinellar Napoleon placed first in 1962 and 1960, second in 1961 and 1959.

Acadia is proud to have brought this sire to America. We predict his improving influence will be felt for years to come, in both the purebred and commercial beef business. The Napoleon sons are breeding as well as their sire. It is our fervent hope that the 44 Napoleons in this sale will find their way into hands where they can do the most for the Shorthorn breed. We are certain that this is the strongest group we have ever sold.

Try to make your plans to arrive at Acadia on Friday, May 31, to view the herd at leisure and to stay with us for supper at the Home Farm. It should be a beautiful time of the year, but regardless of the cooperation of the weatherman, the warmth of Shorthorn friends will serve to make it a beautiful day.
